6th March 2017

To Parents of Pupils in Years 1 - 3

Dear Parents

On Monday 13th March, British Science Week 2017 will take over the Primary Phase of CCS, where all children will be participating in lots of fun and exciting activities with their class teachers throughout the week to inspire their love of science. In addition to this, I'm really excited to announce we have also secured an external company to lead some additional fun-packed investigative activities for our younger pupils, who will enjoy Forensic Science workshops: '*A crime has been committed and it is the responsibility of each class to work together to piece together the evidence.*'

The cost per child to participate in their workshop will be £ 2.90. ***This contribution is voluntary, but where there are not enough voluntary contributions to make the activity possible then it will be cancelled.*** Parents' support for the school in providing additional curriculum enrichment experiences is greatly appreciated. Payment can be made via Parent Pay, which is our preferred method of payment. Please make your payment and return your completed slip by Monday 13th March.

Yours sincerely

Julie Casswell
