

EQUALITY POLICY:

OUR APPROACH TO EQUALITIES AND COHESION IN OUR SCHOOL COMMUNITY.

Staff Responsible:

Principal

This policy is an over-arching document which summarises our approach to the Public Sector Equality Duty 2011, as well as our aims to ensure quality of education in terms of equalities and cohesion.

EQUALITIES INFORMATION

The Public Sector Equality Duty 2011 has three aims under the general duty for Schools, Academies and Settings:

- 1. Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act** - by removing or minimising disadvantages suffered by people due to their protected characteristics.
- 2. Advance equality of opportunity between people who share a protected characteristic and those who do not** - by taking steps to meet the needs of people from protected groups where these are different from the needs of other people.
- 3. Foster good relations between people who share a protected characteristic and those who do not** - by encouraging people from protected groups to participate in public life or in other activities where their participation is disproportionately low.

Caroline Chisholm School has considered how well we currently achieve these aims with regard to the eight protected equality groups:

1. Race
2. Disability
3. Sex
4. Gender Reassignment
5. Age
6. Pregnancy and Maternity
7. Religion and Belief
8. Sexual Orientation

In compiling this equality information, we have:

- Identified evidence already in the school of equality within policies and practice and identified gaps.
- Examined how our school engages with the protected groups, identifying where practice could be improved.

General Duty			
	What evidence do we hold that we eliminate unlawful discrimination, harassment and victimisation?	How do we advance equality of opportunity between people who share a protected characteristic and those who do not?	How do we foster good relations between people who share a protected characteristic and those who do not?

Equality and the Law

**There are a number of statutory duties that must be met by every school in line with legislation from the Public Sector Equality Duty 2011, the Race Relations (Amendment) Act (2000), Disability Equality Duty (2005) and Equality Act (2006).
The following action plan outlines the actions CCS will take.**

Responding to and reporting incidents

It should be clear to students and staff how they report incidents. All staff, teaching and non-teaching, should view dealing with incidents as vital to the well-being of the whole school.

Procedure suggested:

Review of progress and impact

The Plan has to be agreed by our Governing Body. We have a rolling programme for reviewing our school policies and their impact. In line with legislative requirements, we will review progress against our Equality Action Plan annually and review the entire plan and accompanying action plan on a four-year cycle.

We make regular assessments of students' learning and use this information to track student progress. As part of this process, we regularly monitor achievement by ethnicity, gender, disability, free school meals and other vulnerable groups to ensure that all groups of students are making the best possible progress, and take appropriate action to address any gaps.

Publishing the plan

In order to meet the Public Sector Equality Duty 2011 and its requirements to publish our Equality Policy and Objectives, we will:

- Publish our Equality Policy and annually update our Equality Action Plan on the school website.
- Raise awareness of the plan through home/school communication, assemblies, staff meetings and briefings.
- Make sure hard copies are available.

Action plans

1. We recognise that the actions resulting from a policy are what make a difference.
2. Our school Equality Action Plan is stored on the school network and relevant sections are available on request.

Ethos and organisation

As we review each of our school policies, we will ensure that these equality principles apply also to the full range of our policies and practices, including those that are concerned with:

- learners' progress, attainment and assessment.
- learners' personal development, welfare and well-being.
- teaching styles and strategies.
- admissions and attendance.
- staff recruitment, retention and professional development.
- care, guidance and support.

- behaviour, discipline and exclusions.
- working in partnership with parents, carers and guardians.
- working with the wider community.

Addressing prejudice and prejudice-related bullying

The school is opposed to all forms of prejudice which stand in the way of fulfilling our statutory duties:

- prejudice relating to disability and special educational needs.
- prejudice relating to racism and xenophobia, including that which is directed towards religious groups and communities, (e.g. anti-Semitism and Islamophobia), travellers, refugees and people seeking asylum.
- prejudice reflecting sexism and homophobia.

There is guidance in the anti-bullying policy on how prejudice-related incidents should be identified, assessed, recorded and dealt with.

The Governing Body will receive an annual report about the numbers, types and seriousness of prejudice-related incidents at our school and how they are dealt with.

Roles and responsibilities

1. The Governing Body is responsible for ensuring that the school complies with legislation, and that this policy and its related procedures and strategies are implemented.
2. The Governing Body, Staff and Students Committees will be briefed regarding the implementation of this policy.
3. The Principal is responsible for implementing the policy, ensuring that all staff are aware of their responsibilities and are given appropriate training/support and for taking appropriate action in any cases of unlawful discrimination.
4. Members of the leadership team have day-to-day responsibility for co-ordinating implementation of the policy.
5. All staff are expected to:
 - promote an inclusive and collaborative ethos in their classroom.
 - record and deal with any prejudice-related incidents that may occur.
 - identify and challenge bias and stereotyping in the curriculum.
 - support pupils in their class for whom English is an additional language.

- keep up-to-date with equalities legislation relevant to their work.

Information and resources

We ensure that the content of this policy is known to all staff and governors and, where appropriate, to all pupils and parents.

Religious observance

We respect the religious beliefs and practice of all staff, pupils and parents, and comply with reasonable requests relating to religious observance and practice.

Staff development and training

We ensure that all staff, including support and administrative staff, receive appropriate training and opportunities for professional development, both as individuals and as groups or teams.

Breaches of the policy

Breaches of this policy will be dealt with in the same ways that breaches of other school policies are dealt with, as determined by the Principal and Governing Body.

Monitoring and evaluation

We collect, analyse and use quantitative and qualitative data relating to the implementation of this policy, and make adjustments as appropriate.

In particular we collect, analyse and use data in relation to the achievement of Minority and Vulnerable Groups.
